

## Key Project Accomplishments:

- Designed and developed an interactive dashboard to monitor and analyze online sales data effectively.
- Implemented advanced parameters for dynamic drill-down capabilities, integrating filters and slicers for enhanced data customization.
- Established data connections, joined new tables, and performed complex calculations to streamline data manipulation and enable user-driven visualizations.
- Created and customized a variety of visualizations, including bar charts, pie charts, donut charts, clustered bar charts, scatter plots, line charts, area charts, maps, and slicers.
